

## CHARLIE BATTERY RESTORED GROUP PHOTO ROSTER HARDHEIM - 1971

*W*e are extremely pleased to present this valuable historical document, again offered by Richard Salazar, who was a Charlie Battery Hardheim MP (1971 - 1974).

This is a very interesting way to display a battery group photo, and another example of how clever and resourceful the Germans were in their enterprise and creativity. I have never seen anything like this kind of unique presentation.

Because of the varied contrasting photos it was difficult to come up with a proper balance, so some are lighter or darker because of those variations.

Again... Thank you Richard, for the great contribution of this valuable archive...!
