

Delta Battery - 1st Missile Battalion 52nd Artillery - Camp Hanford WA

Delta Battery - 1st Missile Battalion, 52nd Artillery - Hanford Nuclear Reservation, WA

This was my first assignment after Basic Training at Ft. Ord, CA. It was Nike Sites like this that one received what was called OJT, or On The Job Training, in the IFC and Launching Areas. Hanford is in the desert east of the Cascade Mountain Range in Washington State. Camp Hanford was located in Richland, Washington and was damn hot in the summer and damn cold in the winter. Scientists are still doing wind research up where the IFC was. This site was 30 min. from Camp Hanford.
